DETAILED ACTION

Supplemental allowance

1. This action is in response to the communication filed on 6/13/07.
2. Claims 1-19, 21 and 23-25 were withdrawn in a previous response.
3. Claims 1-19, 21 and 23-25 are canceled in this action (attached examiner's amendment below).
4. Claims 20, 22 and 26 are pending in this action.
5. Claims 20, 22 and 26 are allowed.

Remarks regarding previously acknowledged Priority claim

In the previous notice of allowance, examiner had acknowledged a claim for priority in the current application. On September 28, 2007, applicant's representative called examiner and informed that no such claim has been made in the instant application. Upon reviewing the documents in the application, examiner found that a bib data shed belonged to another application was erroneously scanned and made a part of this application in eDAN. Thus, examiner has officially withdrawn hereby the statement made in the preceding Office Action that acknowledges a foreign priority claim since no such claim was made in the application as asserted by applicant's representative in a communication filed on 10/9/07.

Drawings

The objection to the drawings, because of fig. 7 not having been included in the detail description of the drawings, has been withdrawn since that issue has been addressed in this response.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John J. Farrel (Reg. No. 57,291) on 6/21/07.

The application has been amended as follows:

Please amend the claims as follows:

Cancel claims 1-19, 21 and 23-25.

Allowable Subject Matter

Claims 20, 22 and 26 are allowed.

The following is an examiner's statement of reasons for allowance:

As per claims 20, 22 and 26: the claims are directed to content/information request by a user of a network via a remote device associated with said user. The prior art of record does not teach or fairly suggest the techniques recited in claims 20, 22 and 26, for remotely requesting and delivering/acquiring information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
